Dear Zahava:

I just had to say THANK YOU again. You definitely made our holiday event memorable.

Some of the people in attendance had seen a "Shania impersonator" (not you) just a few weeks previously at "their" Christmas Party; even they admitted that there was no comparison! As a Shania fan personally, I have to say; you really are fantastic! You have the voice, the look, and the moves.

Some of our guests have already asked how to get in touch with you. I look forward to seeing you perform again in the future.
