Dear Zahava,

Thank you for performing in MotorFest at the Toronto Molson Indy 2004. You were definitely one of the highlights of the three day stage production.

Your Shania Twain impersonation was fantastic. Your look was incredible and your voice was unbelievable. It was astonishing how similar you were to Shania Twain. I truly believe there were several patrons in the crowd that thought you were the real thing.

Your positive energy and flexibility was much appreciated. It was nice having you stay around for fans that were looking to get pictures or autographs.

We look forward to having you perform with us in the future.
